

WELCOME

**170TH STREET BRIDGE OVER THORN
CREEK IMPROVEMENT PROJECT
Public Information Meeting**

July 12, 2023

Project Location

Project Background

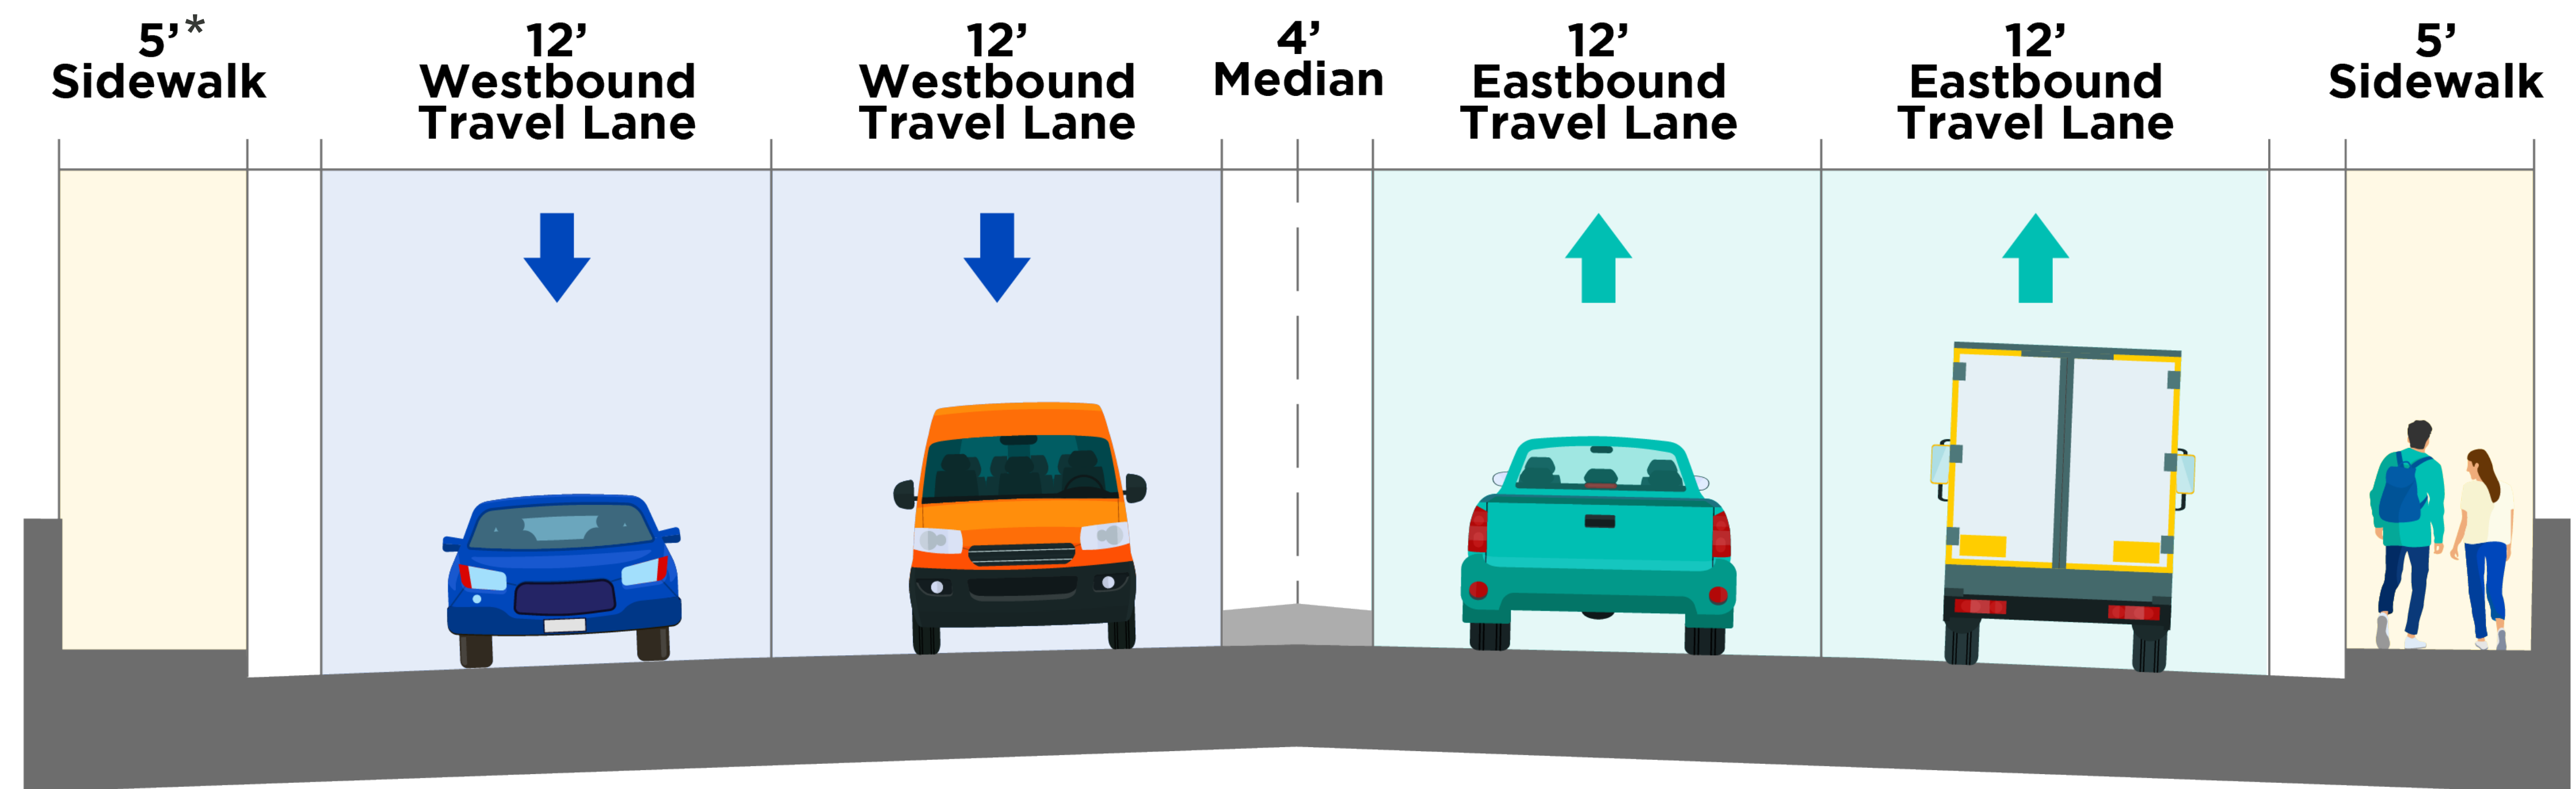

-  Bridge originally constructed in 1935.
-  Bridge last reconstructed in 1985.
-  Bridge inspection confirmed that the current bridge is in poor condition and needs to be replaced.
-  Data was collected and analyzed, including flooding records and year 2050 projected traffic volumes.
-  Preferred alternative was developed to support the future travel demand.

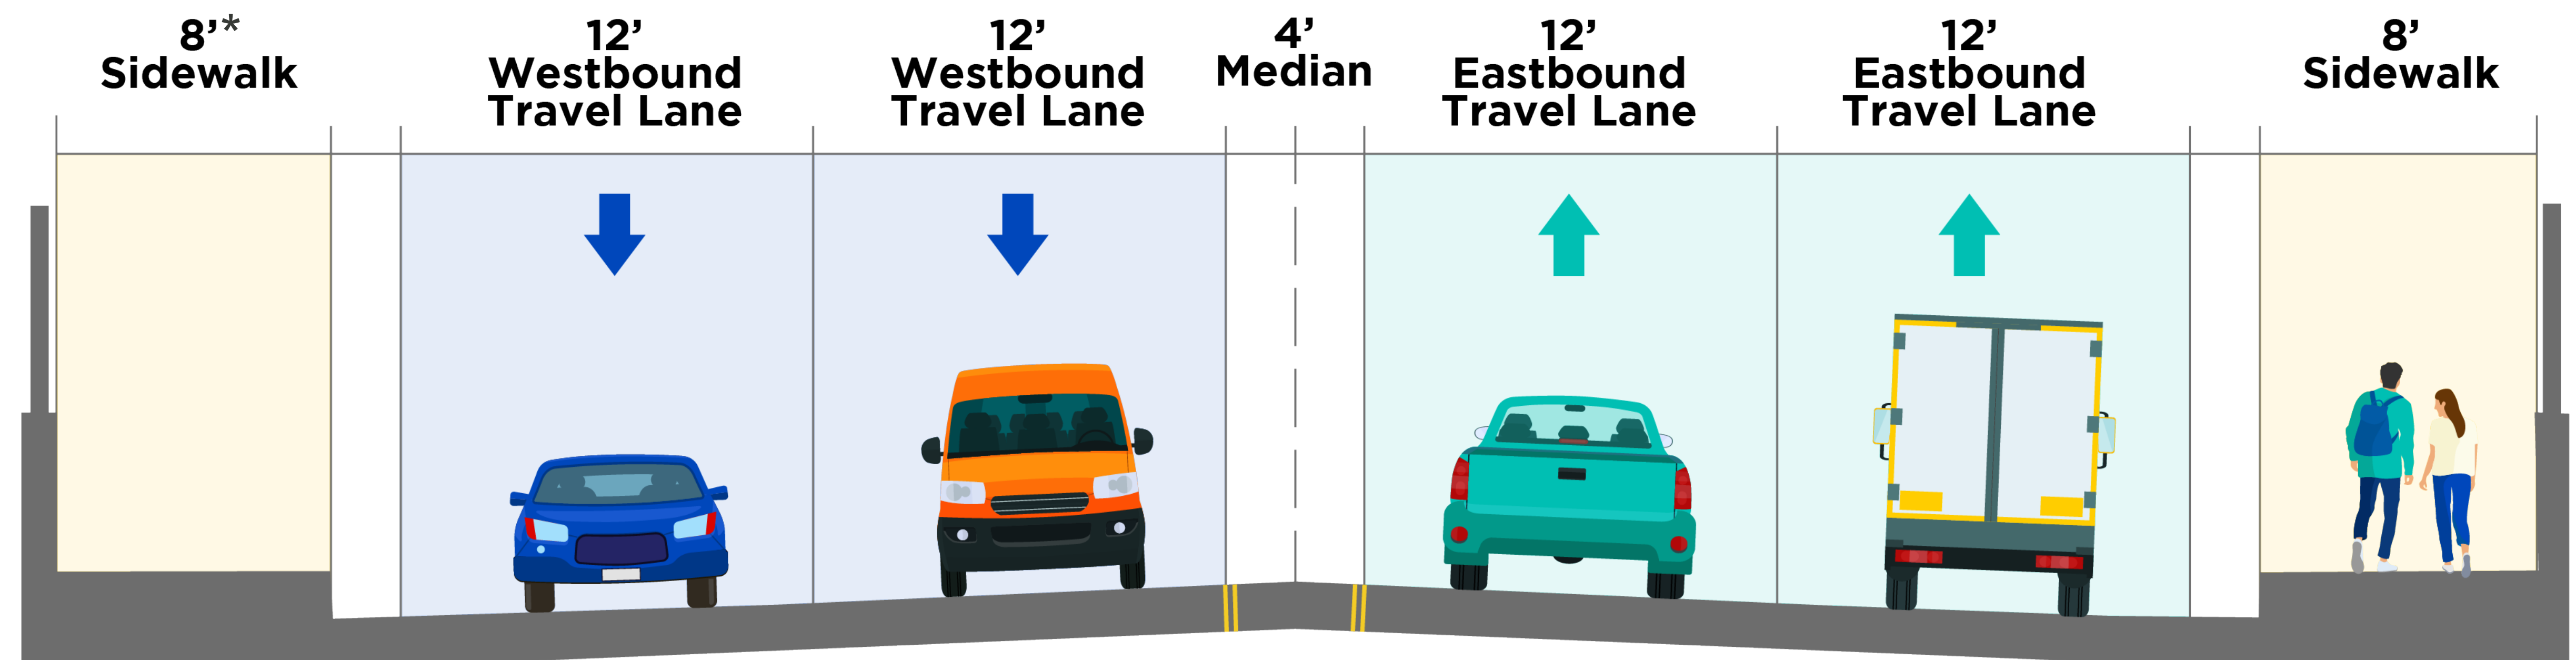

Exposed rebar at underside of beams

Roadway Cross Sections

Existing Conditions

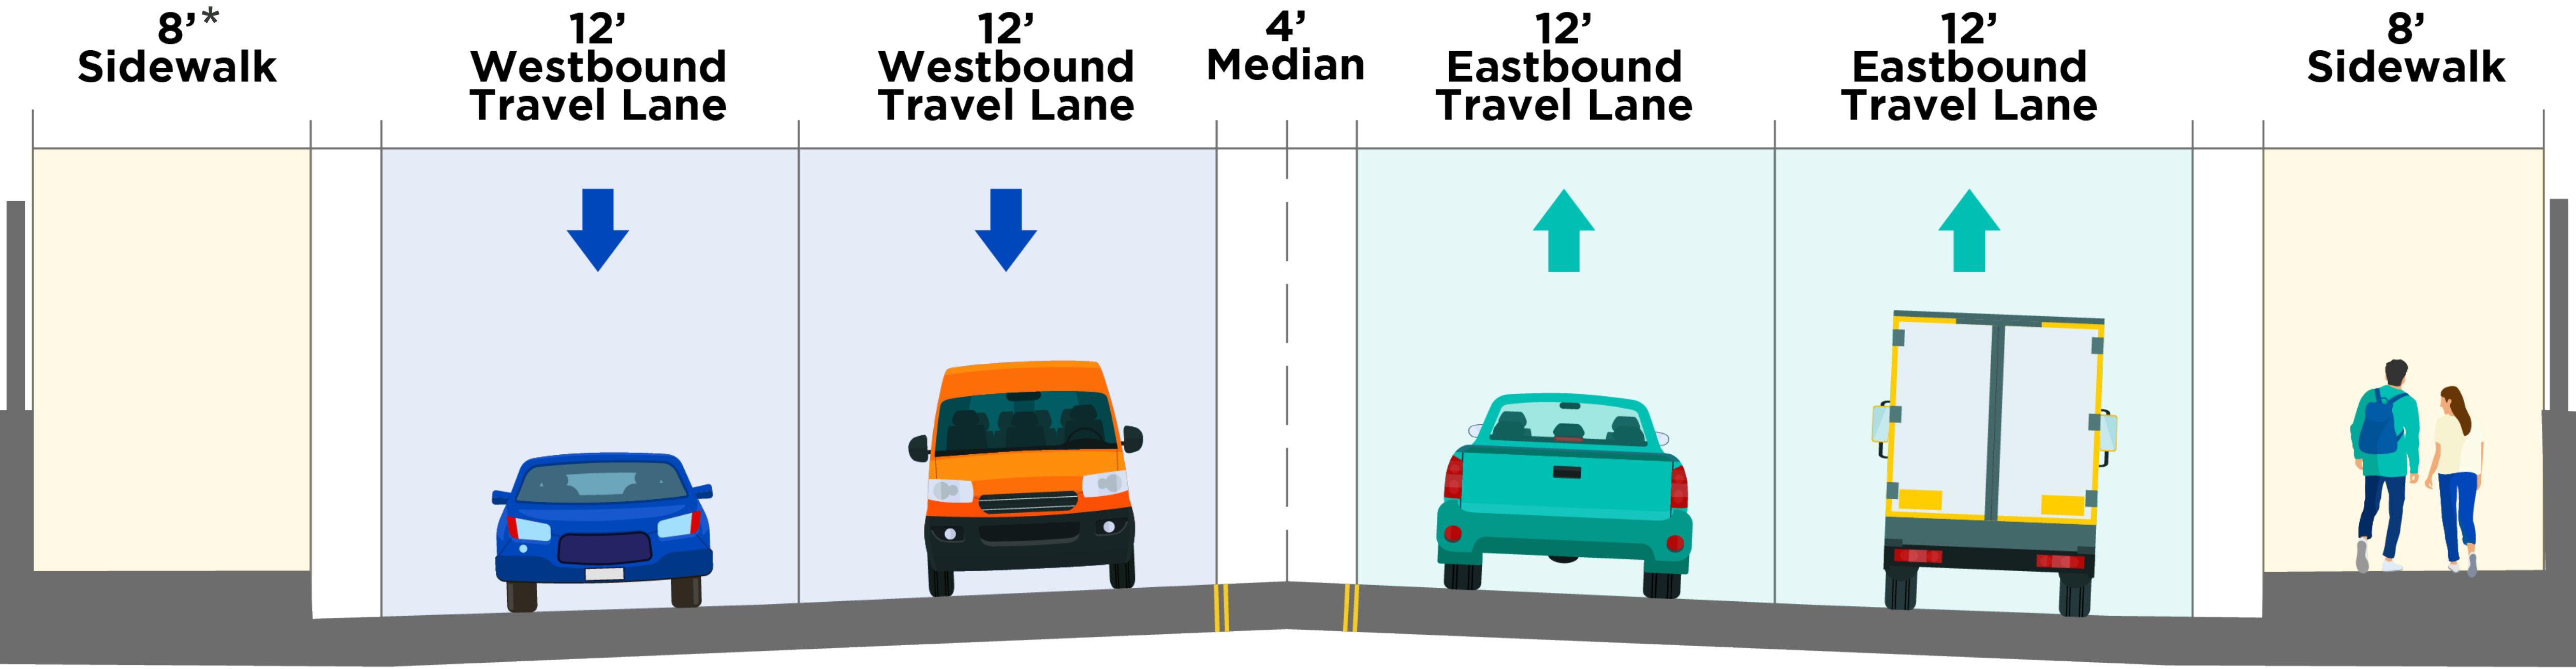

Preferred Alternative

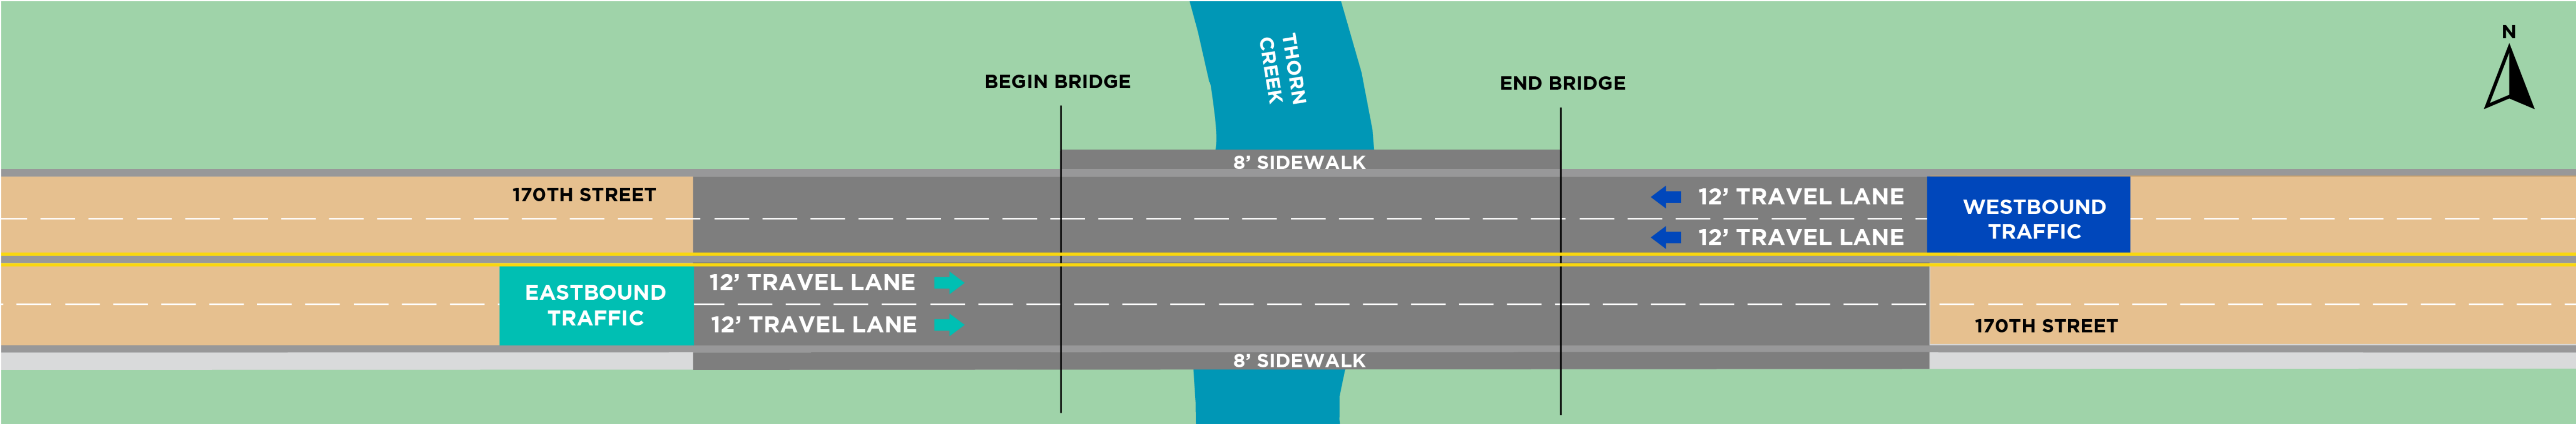

*On north side, sidewalk is available within bridge limits only.

Preferred Alternative

*On north side, sidewalk is available within bridge limits only.

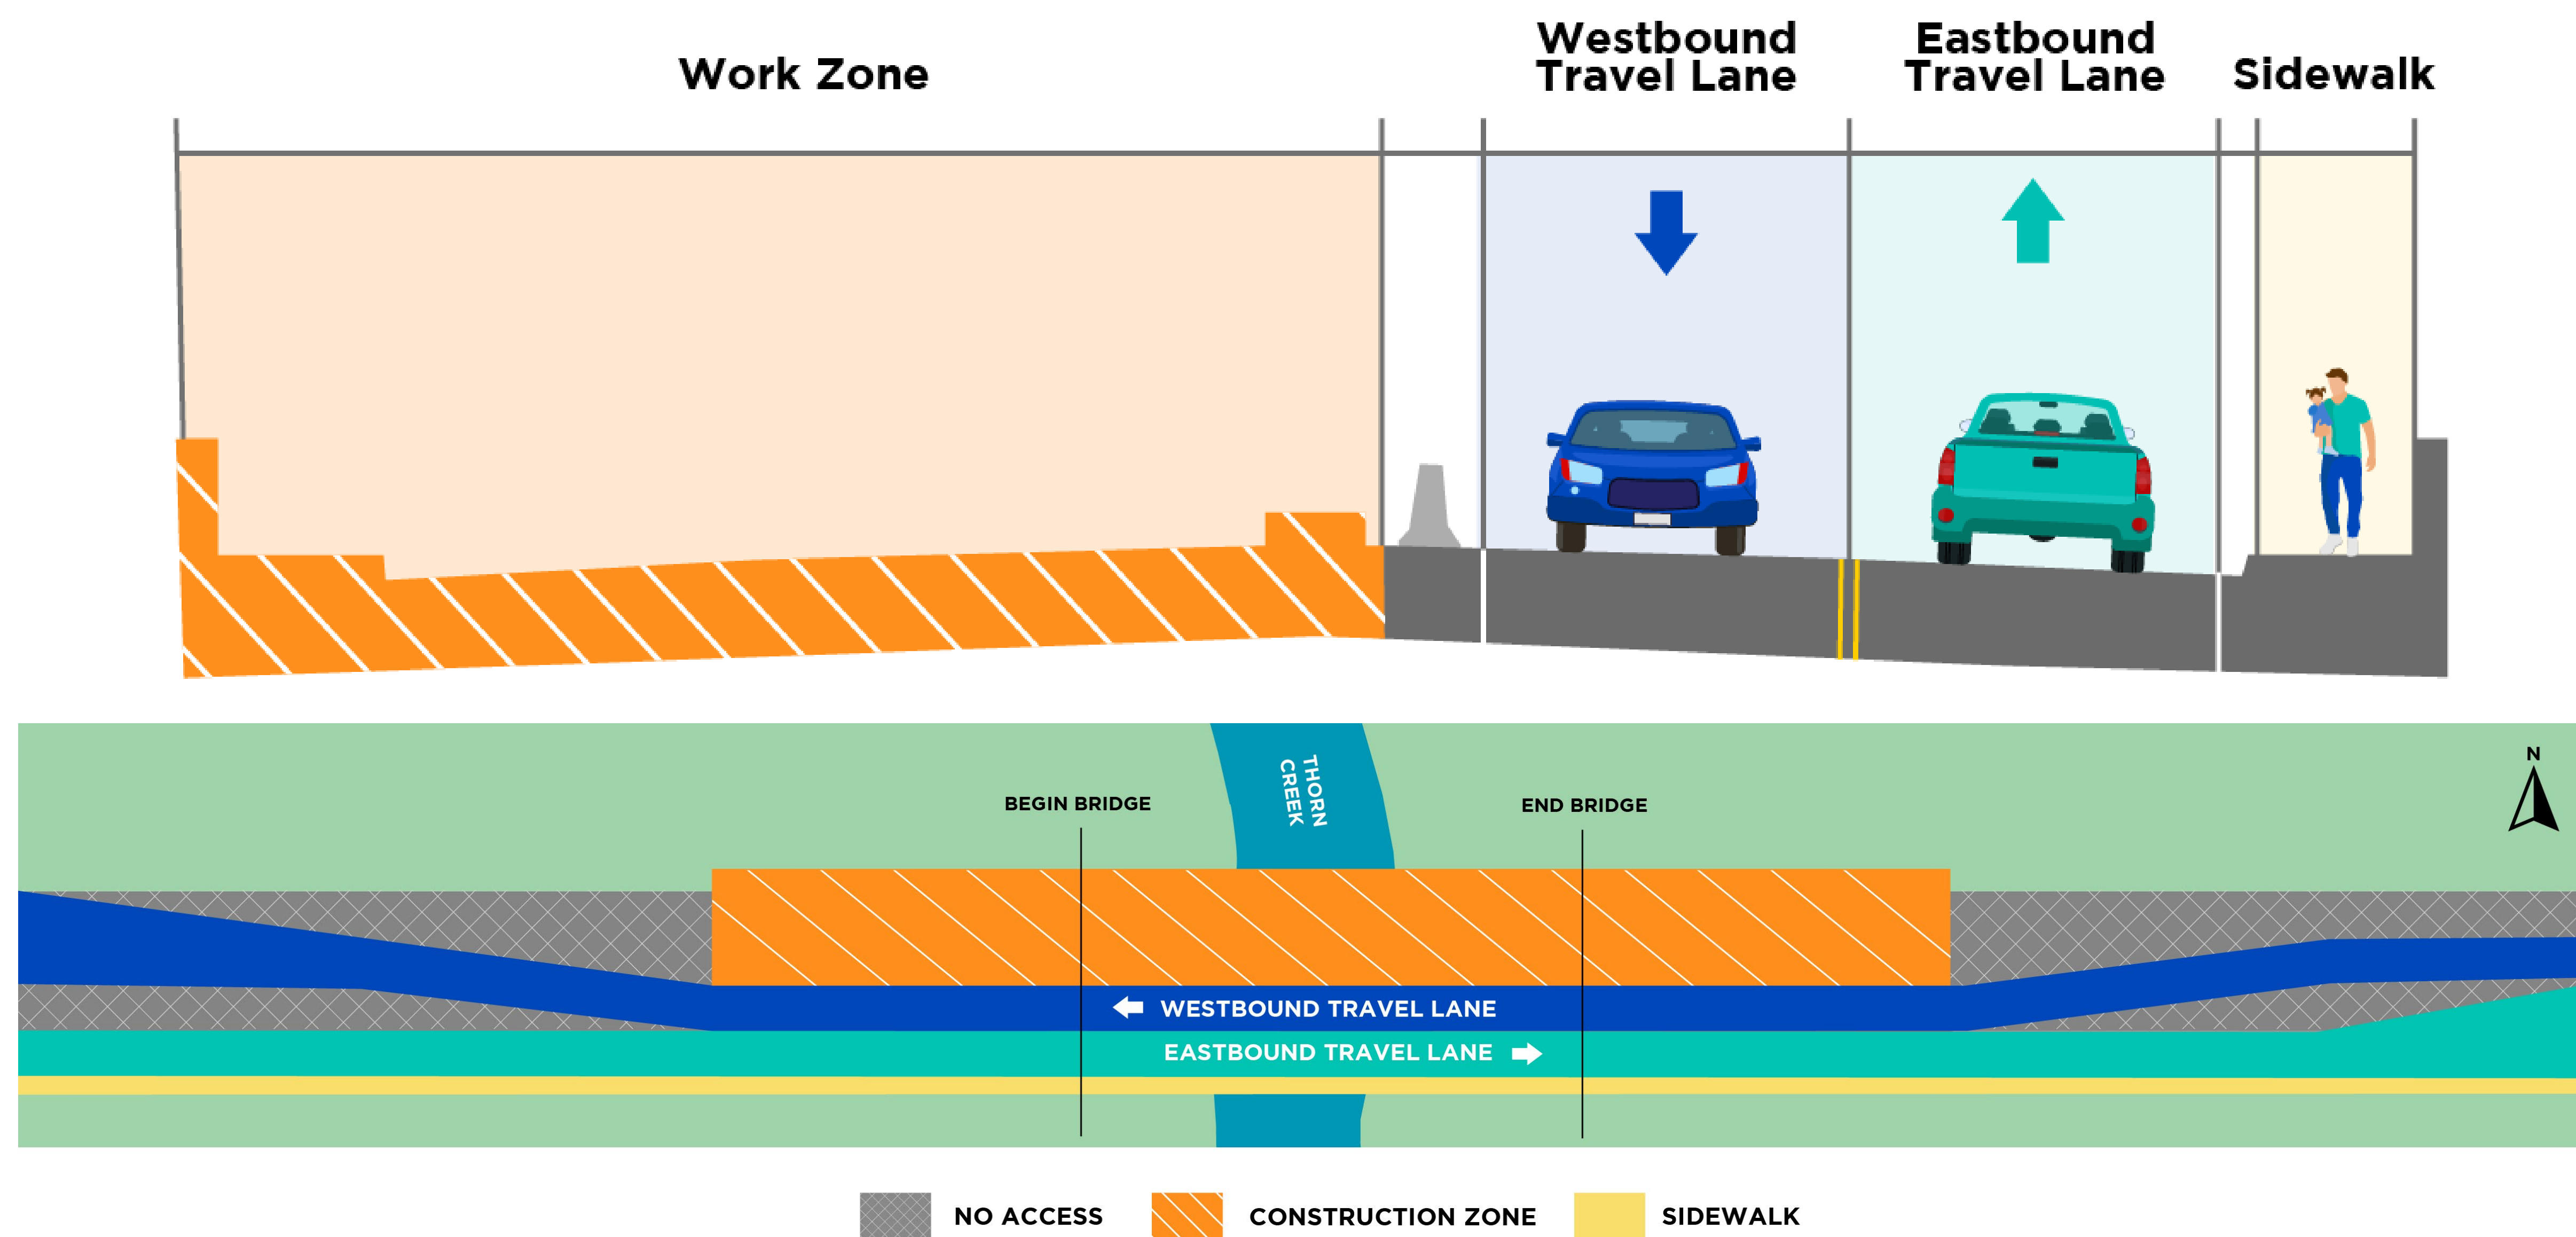

BRIDGE IMPROVEMENT AREA
 EXISTING PAVEMENT
 DIRECTION OF TRAFFIC

Construction Stage 1

One lane in each direction will be maintained for vehicular traffic. Existing pedestrian access is maintained on the south side. Eastbound and westbound access to 170th Street will be maintained from all intersections and driveways throughout construction.

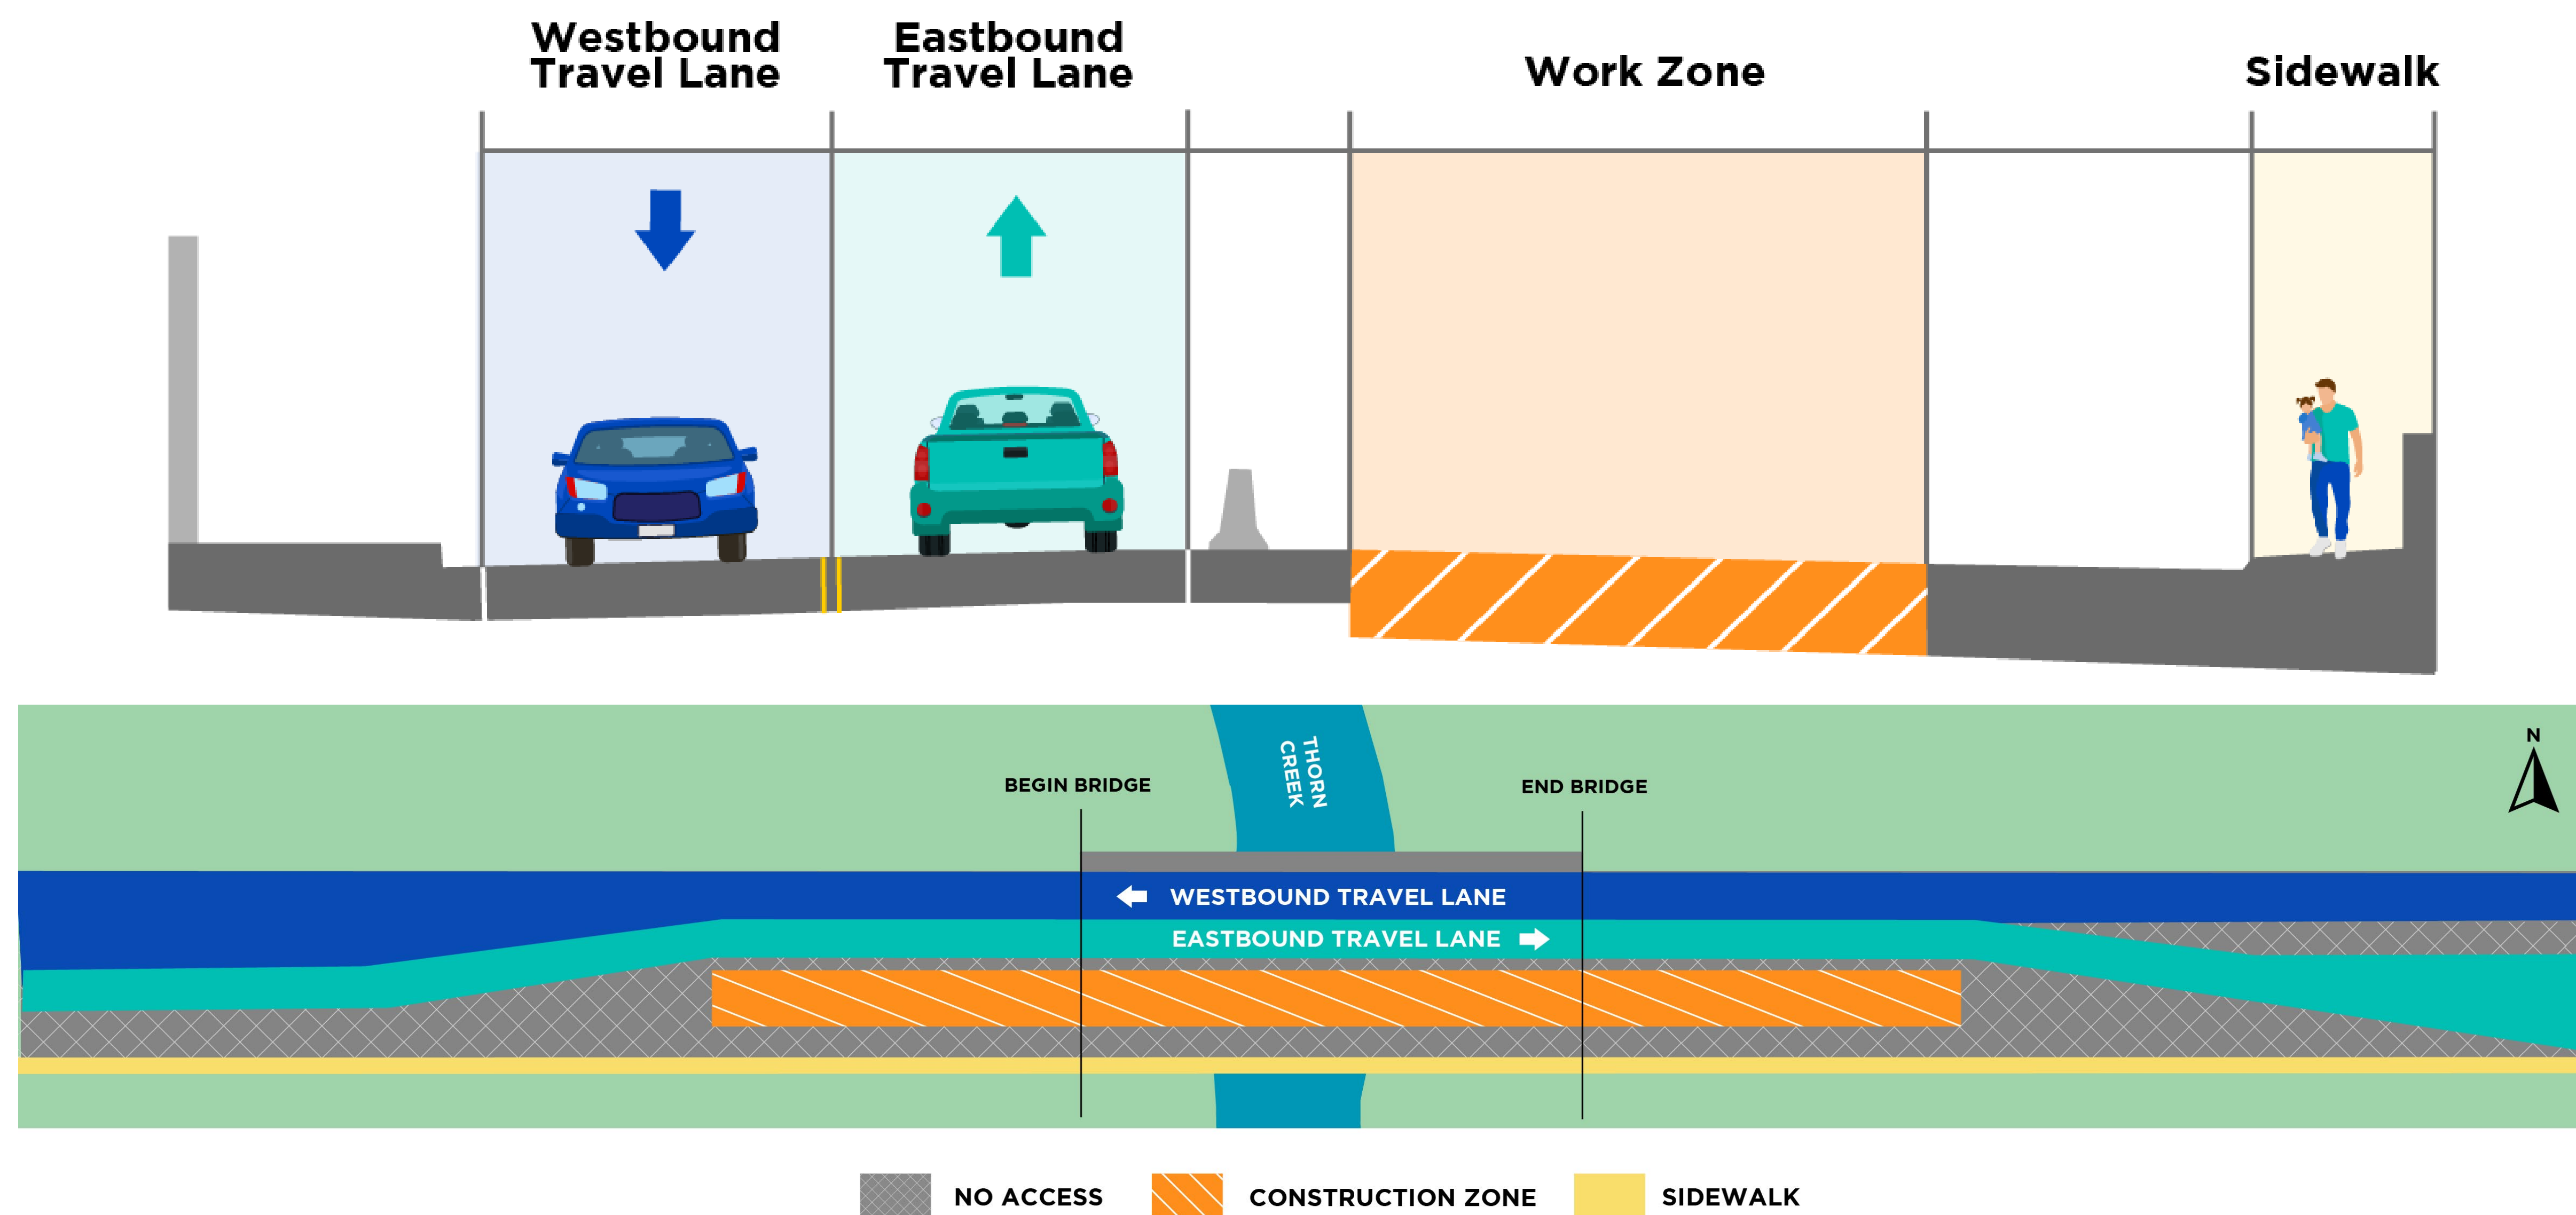

Estimated duration: 3 months

Construction Stage 2

One lane in each direction will be maintained for vehicular traffic. Existing pedestrian access is maintained on the south side. Eastbound and westbound access to 170th Street will be maintained from all intersections and driveways throughout construction.

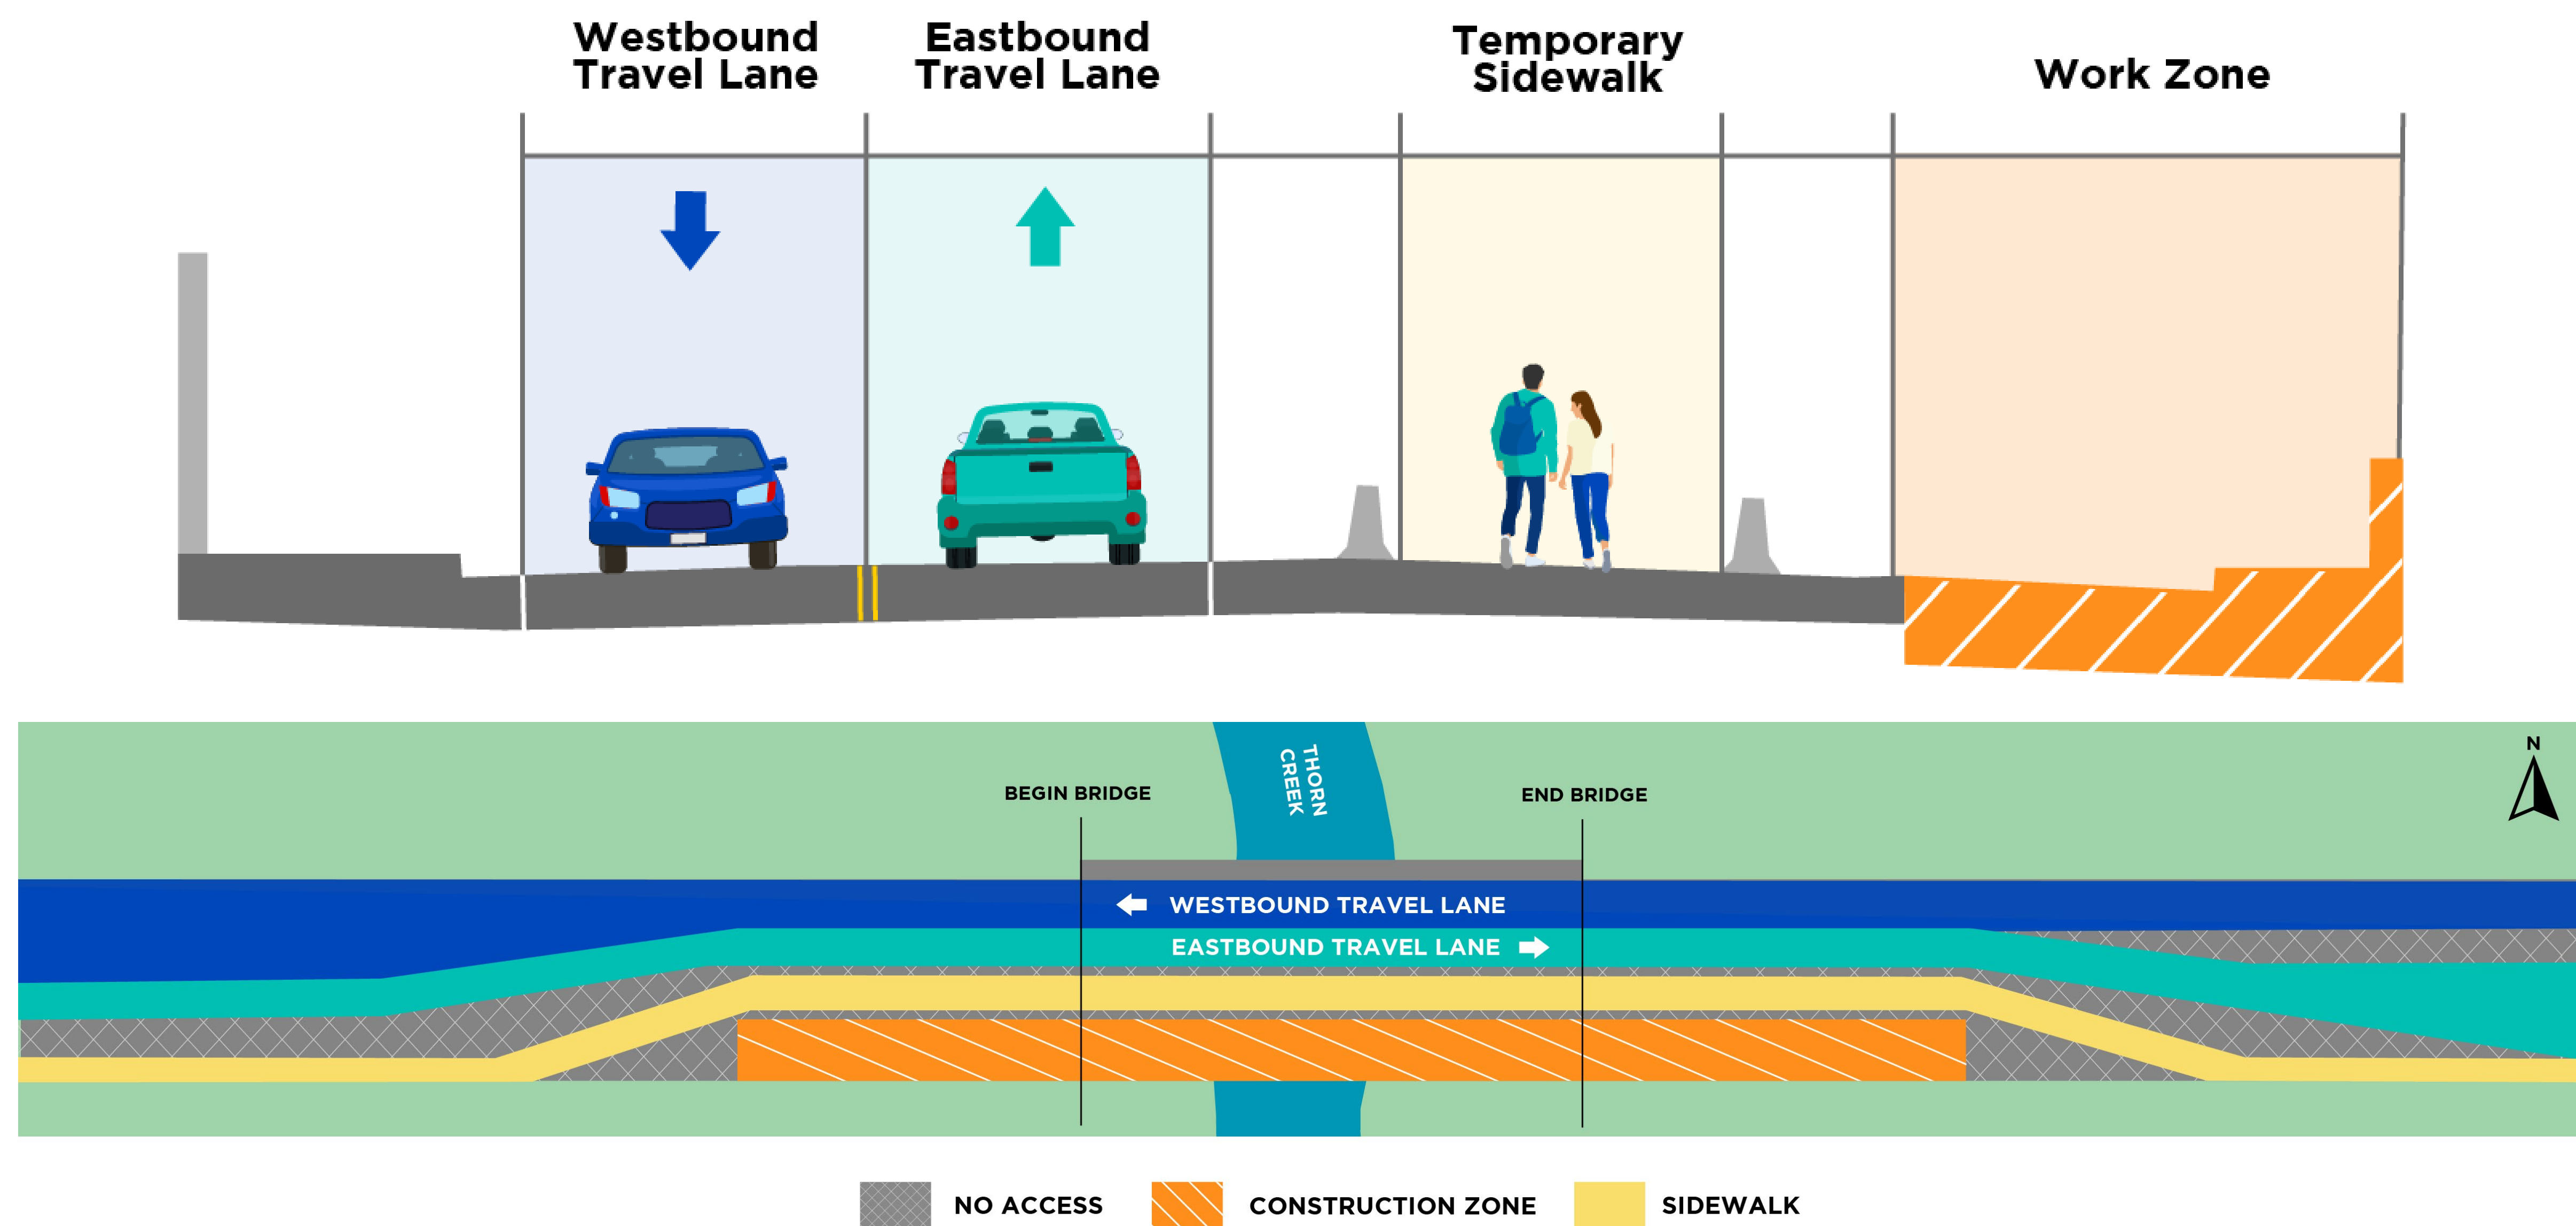

Estimated duration: 3 months

Construction Stage 3

One lane in each direction will be maintained for vehicular traffic. Existing pedestrian access is maintained on the south side. Eastbound and westbound access to 170th Street will be maintained from all intersections and driveways throughout construction.

Estimated duration: 3 months

Project Timeline

Preliminary Engineering
April 2022 - June 2023

Public Information Meeting
July 2023

**Conclusion of Preliminary
Engineering Activities**
August 2023

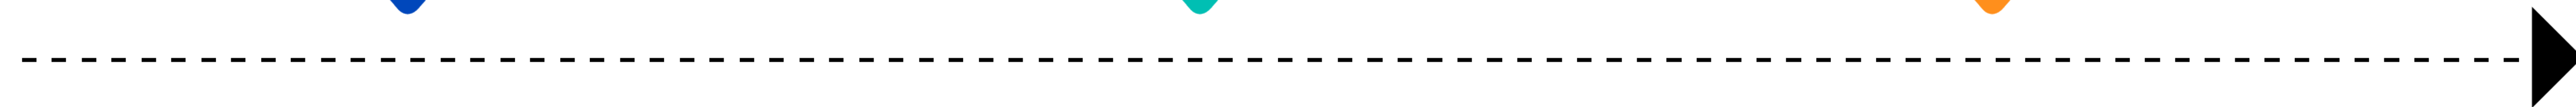

Design Anticipated to Begin
Summer 2023

Design Anticipated to End
Fall 2024

Construction Anticipated to Begin
2025
